# ADDRESS

## ADRES PARKEERGARAGE

Flight Forum 565, Eindhoven

# ROUTE

## ROUTE DESCRIPTION:

Turn off the A2 onto the Anthony Fokkerweg. At the T-junction (just before the viaduct), turn left onto the parallel road (Flight Forum). Continue following the parallel road (to the left), and you will find the car park on your left (location Flight Forum 565/Valid). The maximum clearance height is 2 meters.

# OPEN

## OPENING TIMES

The car park is accessible to the public 24 hours per day, 7 days per week.

# TARIFFS

## The tariffs are as follows:

€ 1.10 per 30 min

€ 11.00 from the 7th to 12th hour

€ 25.00 from the 12th to 24th hour

Subsequently € 25.00 per day

It is only possible to pay by card (pin) in the garage.

# SUBSCRIPTIONS

## ABONNEMENTEN

Regular users of the car park are able to take out a parking subscription. This subscription is valid 24/7. The minimum duration of a subscription is six months. The costs of a subscription are as follows (prices as of 2020):

Annual cost per subscription	€ 1,500*
Cost per subscription card	€ 9.95*

\*these tariffs are excluding VAT

# POOL

## POOL SUBSCRIPTIONS

Flight Forum offers the opportunity to use a pool subscription (also possible in combination with a company account). With a pool subscription, the contract holder takes out, for example, ten subscriptions with twenty cards. This gives the contract holder the chance to use the subscriptions in a more flexible way, as twenty different users will be able to make use of ten parking spaces. Should these ten spaces be full, the eleventh car will be admitted to the car park based on the applicable short-term parking tariffs. These charges will be invoiced afterwards based on the report generated from the parking system. The costs of a subscription are:

Annual cost per subscription	€ 1.500*
Cost per subscription card	€ 9.95*
One-time charge for setting up pool	€ 500.00*

\*these tariffs are excluding VAT

Charges will be invoiced per month, based on actual use. The report from the parking management system is leading in this.

## PARKING CHARGES

Applicable short-term parking tariff based on generated transaction.

## ADMINISTRATION COSTS

€ 9.95 for an invoice amount of less than € 250.00 per period.

# COMPANY

## COMPANY ACCOUNT

Your company can choose to flexibly use a chosen number of subscriptions in its own pool. Both employees and visitors can park using this pool through making a reservation using a company account. The company account is managed via a web application. This reservation means that the visitor has access to the car park for a certain period of time based on the previously entered license plate. Should the account be combined with pool subscriptions, it is also possible to use the available parking spaces flexibly within the pool. For example, through using the pool to allocating parking spaces to visitors. It is therefore possible to make optimal use of the pool subscription.

## EXTRA CHARGES ON TOP OF SUBSCRIPTION COSTS:

Set-up pool contract (one-time charge)  
€ 500.00\*

Company account (annual charges)  
€ 225.00\*

\*these tariffs are excluding VAT

# VALUE CARD

Your company can also order value cards. These cards can be printed with various parking durations. We issue value cards for 2, 4 and 7-12 hours of parking.

A visitor then 'pays' for his parking ticket at the ticket machine using a value card. It is possible, for instance, to 'pay' for a parking duration of 3.75 hours using two two-hour cards. The value card can only be used once. This means that the remaining parking time loses its value after using the card. A value card is valid for up to six months from the date of delivery. Returns are not possible.

## COSTS

The value cards are, as already described, charged based on the applicable short-term parking tariffs (€ 1.10 including 21% VAT per 30 minutes or part thereof). Should the invoice amount be less than € 250.00 in total, administration costs of € 9.95 excluding 21% VAT will be charged.

## ORDERING VALUE CARDS

To order value cards click [HERE](#). Please fill out all fields as completely as possible. You will receive a confirmation to the email address you entered in the form.

You should take into account a delivery time of one working day. The cards are delivered to your reception. A signature must be made for receipt.

# STAMP

## REIMBURSEMENT STAMP

A reimbursement stamp offers the opportunity to recode a parking ticket, with the aim of, for example, covering a visitor's parking costs. The company can choose to completely cover a visitor's parking charges. Based on the actual transaction, the costs will be charged afterwards. A periodic invoice is generated from the parking system report. The parking charges are invoiced based on the applicable costs for short-term parking (€ 1.10 including 21% VAT per 30 minutes or part thereof).

The delivery time of a reimbursement stamp is 4-6 weeks.

## COSTS

Purchase of reimbursement stamp (with 4 buttons) € 1.950.00 excluding 21% VAT. The parking costs are then, as previously described, charged basis on the applicable short-term tariffs, for which the report from the parking system is leading. Should the invoice amount be less than € 250.00, administration costs of € 9.95 excluding 21% VAT will be charged.
